

Take-Away Homework

Year 5-
To Infinity and
Beyond!

Choose your homework from the menu below:

The Peri-ometer suggests the difficulty or challenge the homework may offer. You must complete one task per week, to be handed in on a Thursday please.

Prepare a lesson to teach the class about an aspect of Space you enjoy (Be ready to teach it!)	Complete a character study of Neil Armstrong or any other famous astronaut/ cosmonaut.	Bake your own space themed cookies or biscuits. They could be star, rocket or planet shaped. They could even include space rocks such as popping candy! Write the recipe in your homework book.
Make a 3D model rocket with a parachute to aid re-entry.	Keep a sky at night journal for a whole week. Write about everything you can see in the sky. You could draw a picture of the moon every night. Does it change over the course of the week?	Write a newspaper report about the first moon landing.
Create your own space themed top trumps cards.	Imagine you are an astronaut on a space shuttle. Write a diary entry of your experience of the launch as you hurtle through space.	Make an acrostic poem for one of the planets- e.g., JUPITER This could be a list of words beginning with each letter, a sentence for each line or even a rhyme.
Find out facts about the space missions – What was the first creature sent into space? Who was the first astronaut? Who was the first man on the moon? What other interesting facts can you find?	Design an alien (look to the natural word for features) and create an alien mask.	Create a timeline to show the history of space travel.
